Ocean Beach, California

MEET YOUR OCEAN BEACH NEIGHBORS

LOUIS BALDINO

(Studio of the Cliffs)

The spotlight swings this week to Louis Baldino, jovial operator, with Mrs. Baldino, of Mamie's Sweet Mart. Louie has had an adventurous life, to say the least, having crossed the ocean four times and fought for three years in World War I.

Born in 1891 in Cosenza, Italy Louie grew up and attended school there. His father owned a farm near Cosenza, a southern Italy town, near Naples, and Louis soon grew tired of farming and set out for the United States, arriving here in 1911. He went

Lions Club Hears Talk On Plight Of S. D. Schools

DAILARD TELLS OF
PROBLEMS FACING CITY
SCHOOL ADMINISTRATION

Speaker for the April 24th meeting of the Ocean Beach Lions Club, which was held in the community center, was Dr. R. C. Dailard, business manager of the San Diego City School Administration. The nature of his report was the problems facing the school administration in providing adequate school room space for children in the elementary grades.

Mr. Dailard said that building costs have increased greatly and in many cases they are unable to start construction on schools authorized. He said further that the number of children reaching elementary school age is increasing each year. Mr. Dailard warned that building facilities planned will have to be started soon in order to enable children to get adequate elementary schooling.

The shift in population and its effects on schools was emphasized. Mr. Dailard pointed out that the districts surrounding Lincoln School in downtown San Diego had so built up commercially that there is no longer need for an elementary school in that location and Lincoln now serves as a junior college, while outlying districts have to go without proper facilities until schools can be built.

Guests for the evening were Ralph Petty, an Ocean Beach photographer, who was guest of Bill Bailey, and Roger Daisley of the Bexley, Ohio den, who was the guest of President Bill Stone. Following the meeting the Campfire Girls of Ocean Beach sold donuts to the members.

San Diego School of Arts and Crafts Moves To More Spacious Quarters in La Jolla

By RUTH GRIFFIN

Arriving at the new location of the San Diego School of Arts and Crafts at 6063 La Jolla Blvd., I recalled the beginning of the school in May of 1945 in the Hotel Ocean Village before they moved into the larger quarters in the Silver Spray hotel in June, 1946. The Village School of Arts, which was the original name, occupied two rooms on a corner balcony extending over the water with a fine view of the Mission Bay and Ocean Beach water front. This view served as a subject many times over for students of landscape and seascape. Last Monday, April 28, classes began in the prepossessing new home of the San Diego School of Arts and Crafts on La Jolla Blvd.

As I walked up the circular driveway with a luxuriously planted center parkway, toward the two

to Chicago, where he got a job with Western Electric. In 1914 he was called back to Italy to serve in the Italian army. He worked his way up to sergeant and became a squad leader on the Austrian front. Three long years of battle, including poison gas and artillery barrages, came to an end in 1918, when the Germans signed the Armistice. Louis returned to Italy and remained there until 1920, when he once more sailed for the United States. This time he settled in Lansing, Mich., where he went into the restaurant business. Eventually he owned his own night club and in 1934 he married Mrs. Mamie Clements of Lansing.

In February, 1946, the Baldinos came to Ocean Beach, where Mrs. Baldino had relatives, and they started the Mamie's Sweet Mart on Newport Avenue. Asked what he thought of Ocean Beach, Louie grinned that it was "pretty good", although he left the impression that this was something of an understatement. Louie disavowed any desire to return to Italy, although he has two grown children, Mario and Jannine, still living there. He has been attempting to obtain permission for them to come to the States. Another daughter, Susan, is now living in Lansing. The first Mrs. Baldino died in the old country.

Louie is a member of the Ocean Beach Lions Club. His hobby is riding herd on the Sweet Mart, where his affable management has won him many friends.

CPA APPROVES PLANS FOR ST. PETERS LUTH. CHURCH, WORK TO BEGIN SOON

Word was received here this week that the plans for the \$25,000 St. Peter's-by-the-Sea United Lutheran Church, to be erected at the corner of Adair Street and Sunset Cliffs Blvd., have been approved by the Civilian Production Administration, and work will begin on the structure in the near future. The congregation has been meeting temporarily at the Thursday Club building, 1224 Santa Barbara Ave. Rev. E. J. Johnson is pastor of the Church.

NORWEGIAN MINE ENGINEER DROWNS IN M. B. SURF

Orne Carl Johan Carlson, superintendent of the Sydvaranger Iron Ore Co., of Oslo, Norway, was drowned in the surf off Mission Beach April 29. Carlson and Worm Lund, also a Norwegian mining engineer, were headed up the coast to study American mining projects, when they decided to stop for a swim. They swam for some time before Carlson was apparently caught in a rip tide in the surf off the foot of San Luis Obispo Place. Lund called for help and lifeguards Harry Schraeder and Paul Ingledew recovered Carlsons body and attempted to revive him until he was pronounced dead at 3:29 p.m.

The body was removed to the Beardsley Funeral Parlor in Ocean Beach but will be returned to Oslo, Norway for burial. He is survived by a wife and two daughters, 9 and 14 years old who live in Kirkenes, Norway. Mr. Lund is living temporarily with Mr. and Mrs. Joe Beardsley.

huge distinctive wooden doors of the school I felt as if I were indeed in strange surroundings until I was met by Thelma Underhill, who has been with Director Orren Louden since the inception of the school. Mrs. Underhill took me in and showed me the two high ceilinged studio rooms which form the main part of the building. Once inside the studio I felt more at home as I watched some of the same students I had seen here in Ocean Beach at work painting from a model. Among them were Ellis Jacobson, who enrolled in Ocean Beach about a year ago; Hamilton Stalnaker, a student of several months; and Richard Mofett, also a former student. One more thing that relieved the feeling of unfamiliarity was the appearance on the walls of Director

O. B. Girl Starts On Hiking Trip To San Francisco

CARRIES BEDROLL AND
PACK ON FOOT TRIP
NORTH THROUGH MTS.

Another Ocean Beach girl has launched on an unorthodox trip this time by footpower. Miss Evelyn Stradley, daughter of Capt. and Mrs. E. E. Stradley of 1966 Froude St., left Saturday morning on a walking trip which will take her to San Francisco, via Big Bear Lake and Lake Arrowhead. She is traveling under the auspices of the Youth Hostel organization, and is making the trip alone, carrying her bedroll and equipment with her. The 25-year-old lass insisted that she will accept no rides and friends who know her report that "Evelyn is plenty determined and will do just that."

Miss Stradley had been employed at a down-town law office and decided recently to fulfill a lifelong ambition, so she resigned her position and started on her unusual vacation trip. Mrs. Carl Oberg, of 4605 Saratoga Ave., received a post card Wednesday from Miss Stradley, written on Monday from San Luis Rey. The card indicated that the young hiker was enjoying her trip immensely. She hopes to reach San Francisco sometime in June. Her trip is similar to the one which another Ocean Beach girl, Miss Norma Jean Belloff, is taking cross-country, only Miss Belloff is traveling by bicycle.

Pt. Loma Seniors Present "Come Rain Or Shine" May 8, 9

"COME RAIN OR SHINE," a light comedy, will be presented by the senior class, Point Loma high school, May 8 and 9, at 8:00 p.m. in the school auditorium.

This play, according to Sarah Norman and Anna Sue Bowden, student directors, is an up-to-the-minute story of an amusing American family trying to enjoy a summer vacation at the lake. Of course each member of the family has a different idea as to what makes a summer vacation worthwhile.

Advanced drama thespians in the cast are Carol Ihrig, Dale Shoupe, Arita Winston, Quenton Decker, Irving Rogers, Norma Gho, Barbara Carr, Earl Lennon, Bob Shobe, Geraldine Patterson, June Blackett, Anna Belle Ryan, Nancy Peterson, Joanne Clarkin, Joanne Jensen, Lois Stephenson, Mary Perestrello, and Harry Shannon.

Business managers Elaine Randall, Isabella Viegas and Jack Hogue announce that tickets may be purchased from any senior or at the box office.

Royal Trio Bowl League Opens Last Night at O. B. Bowl

By PHIL WHITE

The Royal Trio opened its summer bowling session, Thursday night, May 1 at the Ocean Beach Bowl. Kings and Queens waged a royal battle with Princes, Princesses, Dukes, Duchesses, Barons, and Baronesses also moving the pins down.

The Kings are Billy Weaver, Gertrude Wright and Mary Hamilton; Queens: George McNeil, Marie Blane and Nora Duke; Princes: Ed Blain, May McNeil and Orita Kaelke; Princesses: Tony Panda, Phil White and Connie Bechtal; Dukes: "Curley" Thoman, Janeyce Hall and Bernice Schmidt; Duchesses: Ariel Schmidt, Eleanor Slater and Rusty Near; Baronesses: Grant Cheesman, Vi Gilbert, and Vi Barber; Barons: C. Slater, Flo Cheesman and Flo Bradley.

League play was under the 4 point system and is being governed by the rules of the Women's International Bowling Congress. These trios are evenly matched with 4 points being the difference between them (445-449). League play will run 14 weeks with a surprise sweepstakes on August 7. Final standings of the Women's California State Championship revealed that Ocean Beach bowlers did all right for themselves. In the money were two local teams, Handley's Camera placing 10th in the D division and Ocean Beach Bowl (No. 2) 11th in the C.

Only singles winner was Char-lotte Gates who tied from 48th to 53rd place in the C division. She also was tied in all events, 32 thru 33. Flo Cheesman tied in the B division doubles, 19, 20 and 21, and Phil White was 12th in the D division doubles.

Voltaire Street to Be "Lit Up" Aug. 14

Voltaire Street will become more of a "great white way" soon, when plans to re-light the balance of the street lights between Bacon and Froude streets are completed. Only four out of 10 lights in each block have been in use since the early days of the depression, when the lights were shut down to save electricity.

Residents and business houses in this area had sent a petition to the city government asking that the lights be placed in service again. Traffic Engineer James E. Reading investigated the request and recommended to the City Council that it receive favorable action. The present power contract will expire on Aug. 14 and it is expected that the new contract will specify lighting of all street lights in the area in question.

Pageant to Mark 35th Anniversary Of Girl Scouting

PUBLIC INVITED TO SEE
DISPLAY OF SCOUT WORK
AT COMMUNITY CENTER

The Girl Scout troops of this area will put on a pageant and display of scouting work on Saturday, May 3, in commemoration of the 35th anniversary of the founding of the organization. This pageant will take place at 1 p. m. in the auditorium of the new Ocean Beach Community Center and will be open to the public.

Girl Scout Troop 127, which is under the direction of Mrs. E. V. Pfeiffer, Mrs. Philip W. Knight Jr. and Mrs. Thierry Rogers, will form the background of the pageant, a shadowgraph showing the beginning of the Girl Scout movement. Each of the 10 fields of scouting will be dramatized by the various troops taking part.

Troop 165, led by Mrs. Hyram Beck, will dramatize arts and crafts, out of doors, and home-making; Troop 135, led by Mrs. Diana Tetley, will depict health and safety; Brownie Troop 112, under the direction of Mrs. Earl Kail and Mrs. Elton Berkman, will dramatize international friendship; Brownie Troop 207 will portray music and dancing; Mrs. Ralph E. Petty's Brownie Troop 44 will feature nature; and Troop 74, led by Mrs. George Norbeth, will depict sports and games.

The committee in charge of the pageant consists of Mrs. Carl Hager, Mrs. Robert E. Myers and Mrs. E. V. Pfeiffer.

Mrs. Leroy D. Manning of 4711 Muir Ave. plans to drive to Mayfair, Arizona next week, to visit friends for several days.

ADDITION MADE TO OCEAN BEACH REALTY BUILDING ON VOLTAIRE STREET

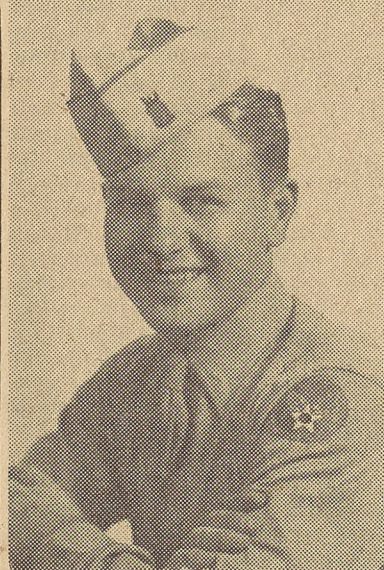

Work is nearly complete on the enlarging of the Ocean Beach Realty building at 4837 Voltaire St. Additional office space was erected in September, 1946, and was first occupied by the Mission Bay Realty, F. W. "Bill" Wagner, who had been in charge of the Mission Bay firm, purchased the business in February this year and changed the name to Ocean Beach Realty. Associated with Mr. Wagner are Wilma Banker, Helen Scantlin and Roy Wood.

Publisher Tells of Trip Through Okla., Kans., Mo., and Iowa

(Travelog by F. F. Swan)

April 15—We editors were entertained at Houston, the largest city in Texas (450,000) and the self-styled "oil capital of the world." We spent a couple of hours inspecting the Hughes Tool Co. (headed by Howard Hughes, noted millionaire aviator) a plant that makes tools and pipe of all kinds for the huge oil industry. Houston did the most bragging of any city we visited in Texas. Saw the San Jacinto monument (highest in the world), commemorating the San Jacinto battle of 1836 that won the independence for Texas from Mexico.

April 16—Saw the newly developed grapefruit industry of the lower Rio Grande valley near Brownsville. Oranges also are raised there. Huge citrus fruit packing and processing plants (Continued on Page 8)

KILLED IN CRASH: Donald Kenneth Van Hecke, of 5064 Long Branch Ave., who was killed in the crash of a B-29 bomber near Kwajalein island in the Pacific on April 20. A corporal in the Army Air Force, Donald was the son of Edward Van Hecke, of the Long Branch address, and was serving as a radio operator on a 20th Air Force B-29 crew. A graduate of Grossmont High School, Cpl. Van Hecke had entered the service as a cadet in January 1945, in Fort Douglas, Utah. He was stationed at Amarillo and Denver, and, in 1946 he went overseas to Japan, where he attended a radio school. He was assigned to the 28th squadron of the 19th Bomb Group and was stationed on Guam. The plane was on a routine flight from Kwajalein to Guam when it crashed, killing all personnel.

Radio-Broadcasting Described to Ocean Beach Kiwanians

The trials and triumphs of radio broadcasting were outlined to the members of the Ocean Beach Kiwanis Club at their Tuesday night meeting in Wallace Hall. Speakers for the evening were Jerry Pecht and Wally Hatter of the KGB radio staff. Mr. Pecht is program director for the station and Mr. Hatter is sports announcer.

Mr. Pecht told of the meager beginnings of the radio broadcasting industry. Himself a veteran broadcaster, Mr. Pecht described the low pay, headaches and heartaches connected with the industry in its infancy. He emphasized that the radio field is highly competitive and only about one out of forty aspirants ever succeed.

Mr. Hatter told some of the amusing incidents which happen behind the scenes at sports broadcasts, of the colorful sports figures he had met and elaborated on the problems besetting an announcer covering a fast-moving game such as basketball.

Dave Chandler was program chairman for the evening. Guests included Robert Monfort, Dana Junior High school student and guest of Principal Clarence Swenson, who presented the club with a hand-carved gavel, made by the woodworking class at the school. Other guests were Ed Griswold of the San Diego club, Roy Dybvig and Henry Olsen of the North Park club, Ed Kilburn of the East San Diego club, and Bill Harris, guest of Earl Shaw.

Mrs. Betty Slaughter and daughter Judy of Oklahoma City, are visiting with Mrs. Dale Brown of 4712 Muir Ave. They have been here for three weeks and plan on staying another month.

JOSEPH MULLENS INJURED IN CRASH AT OCEANSIDE

Mr. and Mrs. Joseph Mullen and family of 4437 Newport Ave. suffered injuries in a traffic accident, Sunday evening, April 27. The Mullens and their two children were returning home from a business trip to Inglewood, and while enroute home they rounded a curve near Oceanside and an auto driven by teen-age youngsters, who were returning home from the races, crashed into the Mullen car. The driver of the other vehicle had fallen asleep at the wheel.

Joseph Mullens is at present in the hospital in Riverside, suffering with a broken pelvis bone. He expects to return home in several days. However, he will be under doctors care or some time. Mrs. Mullen is being treated for a knee injury but was not taken to the hospital. The two young children were shaken up a bit, but received only minor scratches and bruises.

CPA Okays \$17,000 Improvement For Sand-Oster Medical Building

PRESENT OFFICES TO BE
USED FOR DENTAL CLINIC;
DR. SAND RETURNS

C. of C. to Discuss Beach Improvements At Monday Meeting

The Ocean Beach Chamber of Commerce will hold its monthly meeting Monday night at 7:30 in the Ocean Beach Woman's clubhouse. Vice-President Richard Hilmen, who will be in charge of the meeting, has announced that there will be an open discussion on beach improvements. Mr. Hilmen said that he feels it is time for the Ocean Beach community to make definite proposals for improving our local beach before the summer rush begins, and he asks all interested parties, whether Chamber members or not, to attend.

THE EGG AND MR. PURDY

An Ocean Beach hen, no doubt under the influence of the Los Angeles Chamber of Commerce, last week decided to do something to prove that California still produces the largest of everything and came forth with a king-size egg, measuring two and a half inches in length. Her owner, L. H. Purdy, of the Point Loma High school teaching staff, reports that the publicity-minded hen has fully recovered from her feat, although she was somewhat groggy at first. The egg was laid on April 24, in the back yard of the Purdy home, 2221 Bolinas. A smaller egg was found inside the shell of the larger one. The somewhat delapidated shell of the "atomic egg" may be viewed in the News business office by skeptics and natives of Florida.

Concert at Center Tuesday Nite Will Mark Music Week

National Music Week will be celebrated in Ocean Beach Tuesday evening, May 6, when the Lloyd Steinhoff band of American Legion Musicians and the San Diego Gas and Electric Company Men's Glee Club will present a full program of musical entertainment in the auditorium of the new Community Center on Santa Monica Ave. Recreation officials invite the public to attend this program, the first of a series of free entertainments offered the people of Ocean Beach.

The 40-piece Steinhoff band will offer the marches "Heroic," "His Honor" and "El Caballero"; the Fest Overture in C, "Rainbow Rhapsody," "Sunshine and Shadows," "Memory Lane," "One Kiss," "A doration," "American Legion," and "Three Shadows." The Glee Club's repertoire will include "Winter Song," "Lassie of Mine," "The Long Day Closes," "The Jolly Roger," "Spirit Flower," "Close Harmony" and "Climbing Up the Mountain."

The concert will begin at 8 p. m.

"Ready-Made Family", M.E. Youth Comedy, Sells Out Both Nights; Encore Set for May 3

By Claire Hollobaugh

The three-act comedy, "A Ready-Made Family", presented by the Point Loma Methodist Players Friday and Saturday April 25 and 26 in the Wallace Hall of Ocean Beach, sold out both nights and due to popular demand will be presented again May 3 at the Wallace Hall.

"A Ready-Made Family," written by Jay Tobias, is the story of a widow and widower who fall in love and marry, much to the consternation of their grown children. The children soon start a general uproar in the form of fits, baby talk and manias in order to drive the new step parent away. The climax is reached when the newlyweds indulge in some tricks of their own to reconcile their respective children to the fact that they all must get along like one happy family. Particularly noteworthy in the cast was the part of Lydia, the old maid sister-in-law of Agnes Martin, the widow. Lydia, played by Grace Goetz, kept the audience in a hilarious mood by her timely facial expressions and quick changes of emotion. The widow's part was well handled by Marie Love. Her troublesome children, Bob,

Word was received here this week that the Civilian Production Administration has given its approval to plans calling for \$17,000 in improvements on the new two-story addition to the Sand-Oster Clinic. Some of this work has already been completed and the final phases will get under way soon.

This structure, a former WAVE barracks, which was brought via barge from North Island last year, will eventually house the offices of 10 physicians, all to be associated with Doctors Sand and Oster in the clinic. Dr. Sand is now back at his practice after an absence of two months while he was studying at a special course in internal medicine in Los Angeles.

Work scheduled to begin soon will include the building of an enclosed corridor connecting the annex to the present clinic building and the construction of a parking lot between the two buildings. The older structure will eventually be used as a dental clinic, with all the medical facilities housed in the two-story structure.

Silver Spray Pool Filled With Sand In Remodeling Job

LANDSCAPING, OTHER
IMPROVEMENTS PLANNED
FOR BEACH HOTEL

With the walls torn down and the pool sanded in, old residents of Ocean Beach will hardly recognize the former plunge of the Silver Spray Hotel at 5116 Narragansett. The plunge has been converted into a fenced-in beach which will be ready for public use in a few weeks. Mrs. S. H. Stevens, manager of the hotel, reports.

A retaining wall has been built at the foot of the hill on Narragansett to keep dirt from sliding onto the walk leading out to the rocks. A walk across the new beach is being built to connect with the old walk to the rocks. Immediately following the completion of the beach, landscaping of the main grounds around the hotel will be started.

Construction also will begin on four new apartments in the hotel proper, according to Roy Riner, owner of the hotel. The old archway and the adjoining rooms will be the location of two of the four units to be built. The new units, planned to be constructed on the eastern side of the hotel, have been temporarily delayed, reports Mr. Riner.

The San Diego School of Arts and Crafts, formerly located in the Silver Spray Hotel, has now moved to La Jolla.

Mr. and Mrs. H. F. Schaefer of 4909 Brighton Ave. plan to spend several days in Los Angeles next week. Mr. Schaefer is on a two-week vacation.

The director, Robert Macklin, was, one might say, conspicuous by his presence. Besides taking the part of Sammie Turner in the play directed by him, he also featured in the interludes between acts as master of ceremonies and took part in the "White Ink Spot Quartet". That boy has talent! Harry Daniels and Al Wilson featured in a piano and banjo duet. Next, the quartet, in reminiscence of the gay nineties barber shop style, sang "Banks of the Wash-bash", "On a Chinese Honey-moon" and "My Bonnie Lies Over the Ocean". The White Ink Spot were very popular with the audience. (Continued on Back Page)

AZURE VISTA BRIEF NEWS

Deadline for entries in the Azure Vista 80 Minors Snack Bar Contest closed last night with over thirty ideas and color schemes submitted by teen-agers. Prizes of Royal Crown Cola were donated by the Nehi Bottling Company of San Diego, and the lucky winners will be announced next week by the judges, according to Ronnie Jones, club president.

Winners in the Annual Hopscotch Tournament were Mary Alice Wrigley in the Junior division and Patricia Ohlin in the Midgets. There was so much interest in this activity that a special series was run off for the boys, with Kenneth Meader winning the Junior and Lloyd Craver topping the Midget list. Twenty-eight boys and girls participated. Mrs. Alvin Ohlin acted as judge.

The 20 Juniors Club is planning a Mother's Day party for their second meeting in May. Twenty girls attended the Friday meeting and heard about Janet Anson's luck in winning a fishing kit for the club at the Broadway Theater Paper Carrier's show. New club

members are Myrna Hazen, Tanya Newton, Patricia Terrell, Geraldine Shipley.

The Double Jay Club went to Mission Beach plunge last Saturday for an outing. Club members plan to make puppets and put on a talent show early in June. The new dance records have inspired these teen-agers to learn how to dance and every Friday night finds them tripping the light fantastic. A membership drive to interest young people of junior high age in the club is under way.

Baseball is the major playground interest these sunny days, but the Tuesday and Thursday Woodcraft classes still draw a big attendance. Projects include knife holders, broom holders and cigarette boxes for Mothers Day presents. Monday is puppet day with a group of twenty 5th and 6th graders engaged in making puppets for "Snow White and the Seven Dwarfs," to be presented in June.

Mr. and Mrs. Glen Jones of 4453 Del Monte Ave. have as their house guests an aunt of Mrs. Jones, Mrs. Grace Brown of Vancouver, Washington, and a great-aunt, Mrs. Alva Pettit of Los Angeles.

OCEAN BEACH SCHOOL NEWS

(by Gwendolyn Townsend)

Fathers and mothers of school children and young people interested in marriage relations will have their day on May 8 and 9 when all San Diego will participate in the "Parent and Youth Conference" being put on as a public service by the Family Service Association and the City and County Schools. With the cooperation of the San Diego Council of churches and San Diego State College, the two-day affair will concentrate on the common-sense approach to family living.

Two nationally known experts in the field of family relations will come to San Diego to direct the conference sessions. Dr. Ralph Eckert, Chief, Department of Parent Education, California Department of Education will direct two day-time and one evening session. Dr. Noel Keys, well-known author and lecturer from the University of California in Berkeley, will conduct one evening session and special forums for college and high school students.

Under the theme "Parents and Youth Get Together," the discussions will center around relationships between parents and children, adjustments necessary in marriage and ways to achieve mental health and well being. The evening sessions are being especially planned to interest fathers as well as mothers. The conference will come as a culmination of American Family Week and San Diego Family Relations Week. Several sessions will be held at First Congregational church, Sixth and A Streets, and are open to the public without charge.

Last week, Miss Swenson's first graders began an interesting experiment. They set a hen, loaned by Mrs. Henry B. Tank, grandmother of Joyce. Each day, a diary is kept by members of the group. The children care for the hen themselves. The activity correlates with the farm unit.

ALLEN T. MASON DIES

Allen Todd Mason of Edgemore Farms died Monday, April 28, in a local hospital. Mr. Mason was born in Indiana and was 65 years old. He is a former resident of Ocean Beach. Services were held Wednesday, April 30 at the Beardsley Funeral Home with Rev. Roy Campbell officiating. Interment was at the Glen Abbey cemetery.

ART SCHOOL Continued

(From Page One)

Loudens' three famous paintings, "Central Park South," "Wet Saturday Night" and "Illinois Rain," which for the past year have served as inspirational guide to the students at the Silver Spray location. Mr. Louden was not at the school the day I was there as he had some unfinished business to attend to in Ocean Beach.

Continuing the inspection of the new location, which looks like a Spanish cathedral, we mounted a stairway on the side, to a loggia which commands a fine view of the La Jolla hills. "We shall not be at a loss for nearby landscape subjects," said Mrs. Underhill, "with the hills forming a backdrop, the ocean about a block and a half away and our own building, which in itself should make a fine subject."

She also explained to me that the building has been passed by the city inspectors and they hope to have the GI school approval very soon. "In fact," she said, "Mr. Louden is planning to go to Los Angeles this week-end to make the arrangements."

Plans are to close in half of the loggia to form a separate studio for the life classes. That will make, in all, three studio rooms, an office and a basement for lockers. The teaching staff will include Eleanor Wilkevich, who will take the children's classes; Belle Barancanu, teaching composition and mural painting; Thelma Underhill, instructing classes in life and portrait painting; Millfred Ellison, who will take charge of the water color classes and Mrs. Marion Louden, who will return from Washington, D. C. in June to take over the Craft classes. With Mr. Louden's art connections they feel that they can look forward to some more "big name" teachers to conduct classes and lectures soon.

Before I completed the tour of inspection a bit of unscheduled excitement was created by a grass fire of undetermined origin, back of the loggia, which had assumed alarming proportions and the fire seemed about to take in the school itself. Fortunately it took only a few minutes for the Pacific Beach fire department to show up. The whole thing was over in about 20 minutes but in that time two square blocks of dry grass and brush had been burned off. Besides creating excitement and diversion for the students the incident afforded the means for some of the neighbors of the school, who came in to watch the firemen do their work, to get acquainted.

Ocean Beach will miss the school but after all, La Jolla is not so very far away and the former terminal building with its convenient location and Spanish style of architecture makes a delightful spot for the Art school.

NEW OCEAN BEACH CLUB FOR BICYCLE ENTHUSIASTS

The Ocean Beach Bicycle club, a new organization, under the direction of Orbon Ramsey of the Ramsey and Son Bicycle Rentals and Bob Allen, of the Market Basket, will take form as soon as applications are filled. Applications can be secured through Bob Allen, 1821 Bacon or the Market Basket. The purpose of the club is to establish friends through social events.

A few of the social events planned are bicycle tours, street dances, weiner roasts and moonlight bicycle excursions. The only qualifications in order to join are to be from 14 years old to any age, an alike fun. Bicycles will be furnished by Orbon Ramsey, for those that wish them. As soon as enough applications have been filled, a place and date will be mentioned for the first meeting.

W. C. T. U. TO MEET

The W.C.T.U. will meet May 8 at 2 p.m. at the home of Mrs. I. W. Parks, 4435 Del Monte St. Rev. Paul Biesemeyer will be the featured speaker at the meeting. A musical program is also planned. Members are urged to attend and bring their friends by Mrs. Lorna Dunn, president.

John Bryant and daughter Jackie of 4574 Cornado Ave., left Wednesday, April 30, for Baltimore, Maryland, where they will visit relatives. They will return home on May 19.

The Bay Sportsmen

By Francis Hersey

JUST WONDERING: Why more of our local fishermen do not go "rock fishing", we have some of the finest spots in the state from La Jolla south to Point Loma, but I see very few persons taking advantage of the fine fishing that can be had. Many kinds of fish can be taken in the small open pools. Although all the fish you may catch may not be of record size they are a gamey lot and most will give a good account of themselves.

WHY some of our merchants in the Bay Cities don't give our fishermen a little more courteous treatment; sure we wear old clothes and if we are lucky—we even smell some of fish, but we spend the same kind of money as any one else, and speaking of money how many of you merchants have ever put two and two together?

Lets do it for a minute: Suppose that there are five hundred fishermen and fisherwomen fishing the surf from Ocean Beach to Pacific Beach and Mission Bay over Saturday and Sunday. This is a very, very small estimate of the number of people actually fishing each week end and is used only to give you a hint as to how much is really being spent RIGHT HERE IN OUR BACK YARD on only two days of the week. Now suppose that each of the five hundred spend two dollars, for bait, tackle, eats, beer, etc.—you have each week one thousand dollars of extra money being spent. Actually, during the summer months much more than this is spent and although the beach merchants do not get all of it, the money is here and no matter where spent it is doing all of us a lot of good here in this district, so why don't the merchants admit that fishing is big business and start giving the fisherman a break? WHY some of our sportfishing organizations have not put out a barge. Many hundreds of folks do not have the price of a Mexican fishing trip but would be tickled to death to have the chance to go barge fishing right here at home. Years ago, (and there were not one tenth the fishermen here then as there are now) San Diego was able to support a barge or two. How many of you remember the old "IKE WALTON" and don't you wish it was still out there sitting over a good kelp bed? Especially the folks from the east, many who have never seen an ocean, are just a "leetle" shy to

try a nine or ten hour trip on the outside, but would be mighty pleased to try barge fishing where there was a shore boat along side every thirty minutes or so.

Good news is the report that a new hiway from Calexico to San Felipe on the Gulf of California will soon be started. It will only take about three hours driving time from Calexico to some of the best salt water fishing in the world. This hiway will bring "Florida" fishing right to our back door!

Sorry, but no local news this week, I did not have the time to check up and no one helped me out by giving me a ring on the phone so until next week . . . tight lines and happy landings.

P. S. Folks: Mission Bay Sportsmen's Club met this Thursday, April 24th, at Los Altos Community House at eight P.M. How about coming up next time?

Mrs. W. G. Lauderdale of the Lauderdale Juvenile shop has been visiting friends in Glendale for the past two weeks and expects to remain there for another week.

Several members of the Kiwanis-Annes will make their regular monthly visit to the children's homes this month, to present them with gifts of clothes and objects to work with. They would appreciate outside help on this project and urge anyone that has old clothes, books, papers, games, etc., to contact them.

Letter to the Editor

(Editor's note: We are publishing the following letter, on request of Carl Schroder, as it is felt that the contents have a bearing on the present activity to renew construction on the fishing pier. The letter, written by the late George W. Marston, San Diego store owner, to the Ocean Beach Chamber of Commerce, reveals the interest in the pier shown by downtown business men. This interest on the part of San Diego community leaders is now being re-awakened and will probably play a big part in getting construction under way once more.)

November 1, 1937

Gentlemen:
Mrs. Albert Dumont recently outlined to me the plan your organization has in mind for a fishing and pleasure pier in Ocean Beach. This involves, as I understand, the acquisition of about a quarter of a mile of ocean frontage near Voltaire Street.

As Mrs. Dumont wished to have my opinion on this project and to transmit it to your organization, I take this means of endor-

ing the plan and recommending that it be worked out by the citizens of your community, in cooperation with the City administration, and all the interests that are affected. It might be possible to secure a WPA appropriation. If successful I should regard it as a fine achievement.

Respectfully yours,
GEORGE W. MARSTON

(Editor's note: The following report to the Ocean Beach Chamber of Commerce by the chairman of one of its committees is published herewith, since it has bearing on the much-discussed fishing pier project.)

April 22. Ocean Beach Chamber of Commerce, San Diego, Fishing Pier Report:

At 2 p. m. of this date I went into further discussion of the proposed Fishing pier to be situated at Ocean Beach, with Mayor Harley E. Knox. The mayor stated that due not only to the scarcity of materials but to the fact that materials are unavailable because of Federal controls and still further in view of the fact that nothing

in regard to the matter, and will back him when the opportunity presents itself for the pier to be constructed, without delay from any contingency which might arise to interfere with its completion. Mayor Knox elaborated on the urgency of completion of storm drains which is an emergency; also as to other emergency bridge construction which cannot be delayed. Mayor Harley E. Knox has given his attention and full cooperation to our effort in behalf of the fishing pier.

Andrew L. Tosh, Chairman Fishing Pier Committee, Ocean Beach Chamber of Commerce.

ing could be done to expedite any action he might desire to take in the premises. However, Mayor Knox did state that the City Council is 100 per cent with him

O. B. Community Center News

(By John Wood)

Recreational activities of interest to adults, teen-agers and elementary school children are being announced by the directors of the Community Center. Attendance has been good at the group activities which have been organized, and great interest in the clubs to be organized in the near future has been demonstrated by the residents of the community.

Committees are busy charting plans for the teen-age group which is now in the process of organization. The club will determine its own social functions, which may include a camera club, craft modeling club, and groups interested in dramatics, ceramics and marionette and puppet shows. Any special interest of members will be fostered by the new organization. Dances and pot-luck suppers are expected to be on the teen-age social calendar.

Of special interest to adults will be Family Night, a get-together to be held every Wednesday night from 7:30 to 9:30. For the time being members will engage in open activities, but teams in volleyball, badminton and ping-pong may be organized for tournaments. While family night is principally for adults, children may entertain themselves in the youth activity lounge while parents enjoy games in the gym.

Boys of all ages will be eligible for membership in the Athletic club which is being organized. One group will be for high school and junior high boys, and another group for elementary boys.

The elementary Craft club is of interest to boys and girls who are interested in any of the craft activities.

A tap dancing class taught by Miss Marie Fielding, supervisor of social recreation for the City Recreation Department, meets on Saturday mornings from 11 to 12 o'clock. Last week 75 boys and girls attended.

A story hour for children between the ages of 5 and 8 is held every Saturday morning from 9:30 to 10:30.

All of the above activities of the Center are free and open to the public, and are sponsored by the City Recreation Department.

Publisher continued

(From Page One)

visited. Rio Grande river provides the extra irrigation water needed over and above the 25 inches rainfall, we were told. We were shown the irrigation methods used on the 1500-acre Goodwin citrus fruit ranch.

April 17—Visited the noted King ranch of 900,000 acres, the largest ranch in the U. S., located near Kingsville, Texas. We saw the new breed of beef cattle, the Santa Gertrudes, also famous race horses including the dam of Assault, the horse Bona Venture and a cold brother of Assault to be named Battery. Al Kleberg, the ranch owner, urged the editors to help prevent spread of the hoof and mouth disease. He reported a serious outbreak of this fatal disease as result of slaughtering of infected cattle in Mexico. At Corpus Christi, gulf port, (110,000 population) we were given a boat ride around the bay and a banquet at the Dragon Grill.

April 18—San Antonio today, Texas' most historically noted large city. The old Alamo Mission, site of the famous massacre of Texans in the 1836 battle of the Alamo, was a highlight here. The Mexicans, under Santa Anna, massacred the entire Texan garrison. A motor bus cavalcade tour of San Antonio and a Mexican luncheon at La Villita completed the entertainment. Gen. Jonathan Wainwright, now stationed at Fort Sam Houston at the head of the Fourth Army, was the main speaker. Our editors tour of Texas was completed at San Antonio. Tonight we took train for Fort Worth to pick up our car. In general our 1000-mile post-convention tour convinced us that Texans are really good at bragging and definitely have plenty to brag about.

April 19—Picked up our car at Fort Worth, Texas this morning and drove to Guthrie, Okla., a rather dilapidated city of 10,000, once the capital of Oklahoma. (In 1913 the capital was moved to Oklahoma City.) The latter city is the metropolis of this state. Regretted we couldn't see more of it. Like the large cities of Texas, it has numerous skyscrapers, the tallest being the 33-story First National Bank building.

For splendor of architecture this city's business structures excelled even those of the large Texas cities. We noted also that Oklahoma City has hundreds of oil wells, many of them within the city. Our route to Guthrie lay through rolling terrain, much of it in what looks like scrub timber. Evidently Oklahoma had heavy rain last week, the rivers being swollen with muddy reddish water, the red coming off the prevailing red soil of the adjacent farms.

April 20—Only a short drive today, with Perry, Okla., our overnight stop. West of Orlando and Perry we saw many oil wells. The fall wheat, principal grain crop, was showing good growth and with prospects for harvest good, though we're told the hot Oklahoma winds of summer have a bad habit of burning up crops. We found a good share of the land terraced to prevent erosion and resting for planting in later years.

April 21—Saw more of the farms and oil wells around Orlando and

Perry, Okla. Many farmers here who otherwise would have continued poor have become wealthy from oil and natural gas. What a boon this underground source of wealth has been to some who had for years been struggling on this wind-blown and soil eroded land, where often good wheat crops have been killed by the hot winds. This is the part of Oklahoma that was once known as the "Cherokee Strip," the locale of the historically famous "run" by thousands of homesteaders on Sept. 16, 1893. A few of the pioneers who made the "run" still live here.

(Special Note — Should have noted last week that our two editors special trains with 375 of us aboard passed by Texas City en route from Galveston to Houston just 24 hours before the terrible Texas City, Texas tanker and chemical plant explosions that shocked the entire nation.)

April 22 and 23—At Blackwell, Okla., another small city (pop. 15,000) of distinction, having one of the largest zinc smelters in the country. Numerous oil wells nearby. This town also is in the former famous "Cherokee Strip," the soil here looks blacker and more fertile than that further south. The farm crops, however, are limited largely to those that mature in spring and early summer, like wheat and oats. Some alfalfa is raised, but the farmers have given up growing corn and potatoes, also fruit. What this section needs is to have the flash floods held back by dams on the Arkansas and other Oklahoma rivers, thereby using the flood water in late summer and fall to irrigate these

farms, making possible the raising of three times as many cash and stock feed crops as now.

April 24—All day we drove in the rain on U.S. Highways 54 and 71, from El Dorado, Kan., to Excelsior Springs, Mo. At Fort Scott, Kans., we saw the old U.S. National Cemetery, ruins of the Civil War Fort Scott and the old blockhouse. At Nevada, Mo., we inspected Cotter Junior College for Women, the school sponsored by all the P.E.O. Chapters of the U.S. We halted at Independence, Mo., long enough to see Pres. Harry Truman's home at 219 Delaware Ave. Our overnight stop is at Excelsior Springs, Mo., famous mineral water health resort. All hotels filled with health seekers. As for the benefits from the baths, internal and external, we wondered how much is psychology and due to imagination.

April 25—Drove to Des Moines, Iowa through farm land that looks better, and with more prosperous looking farms the farther north we traveled. Near Excelsior Springs, Mo., however, we saw a number of splendid stock farms.

April 26—We stopped at Des Moines to see the famous Drake Relays at Drake Stadium, a thrilling track meet with several of the best athletes in the world taking part. We saw the 120-yard high hurdle race run in 14.1 seconds, a new Drake Relays record.

April 27 and 28—We're now at Moline, Ill., famous "Flow" city, where more farm machinery is made than in any city on earth. Drive here from Des Moines was through one of the most prosperous farming sections in the U.S.A.

The Christian Home Makers class of the Baptist church will hold their meeting in the church parlor Friday evening (tonight) at 7:30 p. m. Mrs. Olive Biehl and Mrs. Leah Close are hostesses for the evening.

NEWS IN BRIEF

Mr. and Mrs. Harry Hamilton of Del Monte Ave. left today on a two-week vacation trip to northern California. They will visit with their daughter and family in Oakland and will also stop in San Jose and Los Angeles.

Mr. and Mrs. Warren Bradley of 4617 Adair St. are parents of a baby girl born April 15 at the Paradise Valley hospital. Ruth Ann is the name they chose for her. Ruth weighed 7 pounds at birth. She has an older brother, Billy, four years old.

Mr. and Mrs. C. W. Ellsworth of 4844 Narragansett are parents of a son, Curtis Wayne, born April 11, at the Quintard hospital. Curtis weighed 7 pounds and 13 ounces at birth.

Erving Craig of Fort Worth, Texas, was a guest in the home of Mr. and Mrs. A. J. Thurson, of 2152 Catalina Blvd. last week, while he took part in the A.B.C. bowling tournament.

Paulette Le Ann is the name chosen by Mr. and Mrs. Theron Lake of 4338 Coronado Ave., for their new daughter born April 20, at the Mercy hospital and weighing 8 pounds and 13 ounces. Paulette has two older sisters and one brother.

Today's Home — Tomorrow's World

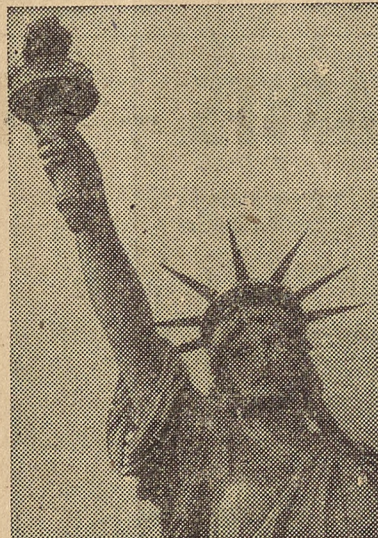

"TODAY'S Home Builds Tomorrow's World!" Concrete evidence of the effectiveness of that motto will be provided throughout the nation during the annual observance of National Home Demonstration Week, May 4 to 11. In 50,000 communities throughout the United States, Alaska, Hawaii and Puerto Rico, home demonstration groups will stage special programs or hold open house to show the effectiveness of their program to improve rural family living. Ranking as the world's largest on-the-job educational program for women, the home demonstration setup is conducted by the coopera-

tive extension service of the U. S. department of agriculture and state land grant colleges. Extension groups, known variously as home demonstration clubs, home economics clubs, extension units or home bureaus, have as their major objective making their neighborhoods and the homes of members better places in which to live. Although major emphasis is placed on new developments in the homemaking field, the clubs also study home accident prevention, family health and welfare, community development and even national and international problems, as they affect homes everywhere.

Mrs. Clyde Lovelace of 4359 Del Monte Ave., president of the San Diego Choral Club announced this week that the club will give a spring concert on Monday evening, May 12, at 8:30 in the San Diego Women's club. John Philip Dalby will conduct. "An ambitious program is being prepared by the Club for this concert," reports Mrs. Lovelace.

She Guarded Well

V-E Day, officially announced as May 8, was welcomed throughout the civilized world, from the "Lady of the Lamp," who had watched over the millions of boys who again proved to her that Liberty meant something tangible, to the most humble home in America. V-E Day means a day of prayer, of thanksgiving that the first phase of the war was over and that many American lives would be spared to make this world a better place in which to live.

Ted Bates and Juanita Viers, with Bill Plant, Beverly Templeman and Linden Raney went on a fishing trip, Sunday, April 27, as far as the Coronado Islands. The boat they chartered was called "Edna Mae." Ted Bates, Bill Plant and Linden Raney all are employed at the Elms store.

The W. W. G. of the Baptist church met last Monday evening, April 28, at the home of Mrs. Lucille Libby, 4444 Montalvo Ave. A pot luck dinner was served.

Mr. and Mrs. Melvin Sutherby, of 4691 Adair St., plan to go to Los Angeles this week-end to visit Mr. Sutherby's aunt, who is ill.

The Parent-Teachers Association of Ocean Beach will hold their regular monthly square dance at the new recreation center Saturday evening, May 3, starting at 7 p.m. Tickets will be on sale at the door and everyone is invited.

Mrs. John Bryant of 4574 Coronado will leave this coming Monday, May 5, for Los Angeles to take in all the sights. She plans to visit the studios, Tom Brennaman's show, Queen for a Day program and many other places of interest.

JIMMY ADAMICK,
OF MICHIGAN, WAS ONE OF THE BRIGHTEST HEAVYWEIGHT PROSPECTS OF THE 1930's.

HE HAD AS GOOD A LEFT HOOK AS JACK DEMPSEY, ACCORDING TO JACK KEARNES, WHO MANAGED 'EM BOTH!

ADAMICK PROVED HE HAD THE STUFF WHEN, AFTER TAKING A 10-ROD BEATING FROM MAXIE ROSENBLUM, HE CAME BACK AND KOD MAXIE IN TWO ROUNDS IN A RETURN MATCH.

TEEN CHATTER

By Alyce Rosa

A high-spot on the spring season's round of "fine" dances is "Spring Fever" to be presented by the drill team of Point Loma High school in the school gym tonight. Captain of the Pom-Pon girls, Beverly Crume, who is program chairman, announced that music for the print 'n' cord affair will be provided by Stan Kenton, Harry James and many other "name" bands and that George Carter will emcee the floor show of drill team talent. Colonel Marilyn Taliaferro, who heads the decoration committee, will carry out a "spring field" motif—featuring "flowers that bloom in May." According to Colleen Burns of the refreshment committee, cake and coke will be on sale. Drum Corps Captain Mary Matsch, general chairman, announced that sponsors are to be Mrs. Caroline Crosby, Mr. and Mrs. Don Giddings and Mr. and Mrs. Don Clarkson. Honor guests will be Mr. and Mrs. Thomas McCarty. Mrs. McCarty will be remembered as one of last year's gym teachers and the organizer of the drill team. Bids to this dance are being sold for 60 cents by all members of the drill team—Don't miss it!

Another dance on the vernal season's packed calendar is Walker's Hi-Debbers' second annual "Heyday" which is set for tomorrow night at Mission Beach ballroom. This dressy sport affair will feature the music of Fred Plank's smooth new band, a floor show and door prizes. Bids can be obtained gratis by all Hi-Debbers on Walker's third floor.

The spotlight will be on drama come May 8 and 9, when Senior A's at Point Loma will present "Come Rain or Shine," a three-act light comedy. Carol Ihrig will be seen as Jac, vivacious 20-year-old daughter of the Grayson family. Tickets are being sold by the cast and all seniors for 50 cents. The public is cordially invited!

David Finster, commissioner of General Affairs at Point Loma High, has announced that May 13 is the date for "Twilight Trance"—the ASB ball. Caryl Buell and Peggy Malm, social committee co-chairman, tell us that the Thursday club is the place and that Kenny O'Neal's band has been signed. Bids will go on sale for \$1.50 very soon. Get yours early! A little known fact which your scribe uncovered is that the raffle ticket proceeds from "Shipwreck," the Kampus Katz hit dance, were donated to the cancer fund. Congratulations, gals!

Lovely formals and "sharp" uniforms will be the order of the evening on May 29 when the ROTC of the San Diego City Schools will present their semi-annual Regimental ball. According to Colonel George Carter, Loman senior, one girl from each school will be chosen by the cadets to represent them as "honorary colonel."

Joyce Bischoff is sooo lonely these days! Her steady, Bill Butcher, is away at Mt. Palomar Camp school as one of Point Loma's representatives. Cheer up, Joyce, he'll be back next week! (Boys interested in taking part in this camp program should see Robert D. Williams, vice-principal of Point Loma.)

JO's are THAT proud of member Jack Gross who was recently awarded a scholarship to State College by the Pacific Beach Lions club for the winning speech in the Lions club annual contest! Les Gates recently surprised "sister" Charlene Ryder on her birthday with a super beach party for 10 couples.

San Diego State College announced that May 10 and 24 are

the days set for testing Lomans. Admission cards can be obtained from the registrar next week.

Who will be Point Loma's song and yell leaders next year? This important issue will be decided May 8, when, after a field assembly tryouts of candidates, the student body will vote. Among the chicks who will "go out" are: Mary Helen Parks, Joyce Simms, Jeanie Miller, Nancy Wilhelm, Barbara Foran and Dee-Dee Shannon.

Local ninth-graders won't soon forget the May dance at Dana Junior High school yesterday afternoon. Kids dance to brisk discs and saw the King and Queen of May crowned. Hear tell the children will have an annual this year!

Before we sign off—just a brief reminder to give to the Junior Red Cross today!

Anyone having news for Teen Chatter call B-5745!

San Diego Padres Deserve Support Of Ocean Beach

(Editor's note: We are publishing the following news release from the San Diego Padre baseball club, since we feel that it's about time for all of San Diego, including Ocean Beach, to get behind their league-leading baseball club and support them in the manner they deserve.)

The first two weeks of '47 season have brought forth following deductions from Padre fans, players and sportswriters:

1. Baseball is back to pre-war status.
2. Padres will be definite pennant contenders.
3. Padre fans are behind the team.

Watch Padre hitting pick up with Johnny "Swede" Jensen and Max West back in the lineup. . . . West overshadowed pre-season press reports with sensational stickwork against Oakland Oaks.

Padre pitching will also improve. . . . Tom Seats, Vern Kennedy, Al Olsen and Al Treichel will get the hitting and support to win the close ones they dropped a year ago.

In answer to question. . . "Why aren't Padre games being broadcast?" . . . There still is no local independent radio station with night time available. Broadcasts may be possible later in the season.

Quotes of the week:
"It's a great feeling to know we have so many loyal Padre fans."—James "Rip" Collins, Padre manager.

"Ray Tran is a better infielder than Jack Lohrke."—Casey Stengel, Oakland manager.

"Bobbin Around thinks Pete Coscarat can be the best second baseman in the league."—Bob Hunter, Los Angeles Examiner.

"San Diego is the greatest baseball town I've ever seen."—Jeff Cravath, football coach U. S. C.

Long range prediction: Dain Clay fleet-footed outfielder, will establish new Padre record for stolen bases this season. (Old record 43, set by Eddie Wheeler in '44). . . . Going into Hollywood series, Clay had stolen second base six times in as many attempts.

Padres now sponsoring Boys' Club Nights, Wednesday, Thursday and Friday. Organizations not now participating in this program may reserve a night by phoning the Padre office.

Reservations for next home series (Hollywood and San Francisco) may be made by phoning Franklin 8989.

Individual pictures of 1947 Padre players will soon be avail-

CALIFORNIA SPEAKS!

MRS. ROLLIN BROWN, Pres. Calif. PTA, L.A.—"It will be tragically inexcusable if this Legislature adjourns without providing adequate, equitable financing for long delayed highway improvements."

SIDNEY M. EHRLMAN, Chairman, Calif. C. of C. Tax Committee, S.F.—"Nearly half of California's total area is federally owned. That 43% should pay its fair share of taxes!"

JIM LAWRY, Insurance Exec., S. F.—"Many people who don't believe in Santa Claus are waiting around for him to come."

RALPH H. TAYLOR, Exec. Secy., Agric. Council of Calif., Sacramento—"The legislator is just human enough to want to know that his judgment is still good, and that he's being backed up at home."

able for nominal fee at Lane field.

Padres, now more than ever, looking forward to construction of new ball park to accommodate anticipated increased attendance each season. . . . Easter Sunday's 10,501 tops all previous PCL records at Lane field.

Fans may tune in KLAC for play-by-play account of Padre games at Los Angeles and Hollywood. . . . Additional baseball news can be heard locally each week night with Bill Steel on KPMB at 5:45 p. m. and each morning with Wally Hatter on KGB at 6:45 a. m.

Tom Law of the Family Barber Shop, returned last week-end, after a week's vacation visiting points of interest along the coast.

The Arts and Crafts department of the Ocean Beach Woman's club will hold their all-day meeting today, April 2, starting at 9:30 a. m. The new project will be Prang textile stenciling.

"SHOP IN OCEAN BEACH"**HEARING AID USERS!**

. . . Now, with the 1-piece or 2-piece

Permo-Magnetic Radioear

YOU CAN HEAR IN NOISY PLACES

where you thought you could never hear!

NO CRYSTALS!

The New Permo-Magnetic Radioear "Noisemaster" Does It!

A new type of hearing aid noise control—the "Noisemaster" has been built into this new crystal-free Radioear.

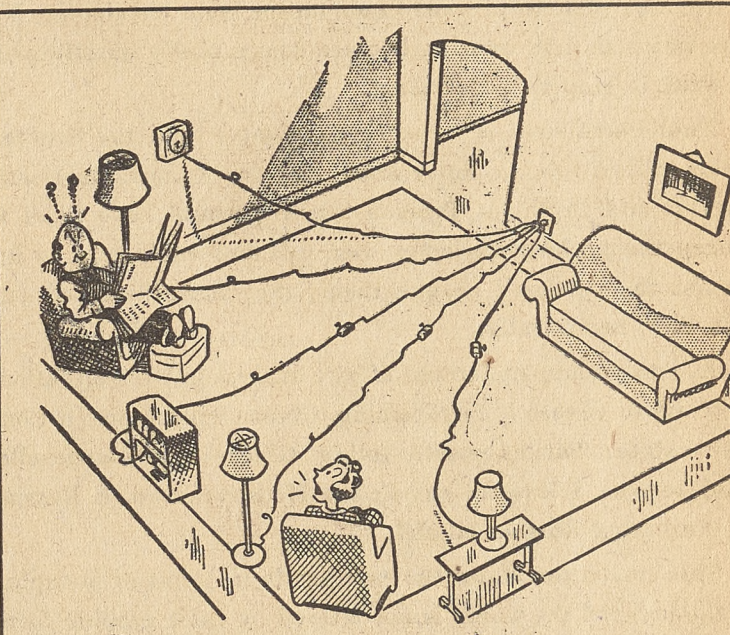

With a flick of the finger—as if by magic you tune out disturbing noises and step up the voices you really want to hear!

Then, too, the Permo-Magnetic Radioear makes possible a host of other remarkable hearing aid advantages. You will want to try the Phonemaster, the Powerizer, the

microphone with no front openings, the new, broad range of fittings . . . but, most of all, you will want to know what Permo-Magnetic can mean to you as a hearing aid user!

Come in. See and try these amazing new hearing aids—either the Uniphone (one-piece) or the Multipower (two-piece) models. Judge for yourself whether this all-magnetic Radioear is the greatest advance in hearing aids since the introduction of the miniature vacuum tubes.

ONLY TIME WILL TELL

Not with relish, but with resolution, the United States Senate last week turned the steps of American foreign policy into a new and untried path.

The vote approving the \$400,000,000 loan to Greece and Turkey showed the Senate divided by almost exactly 3 to 1 on the Truman plan to prevent Communism from enveloping Nations which do not want it, but are economically or militarily too weak to stop its penetration.

Public sentiment is no more unanimous than the Senate's on this critical foreign policy issue. No doubt most Americans, Congress and President Truman himself, would have liked to sidestep the problem entirely. But to blind one's eyes to unpleasant facts doesn't change them; they must be faced and dealt with, realistically.

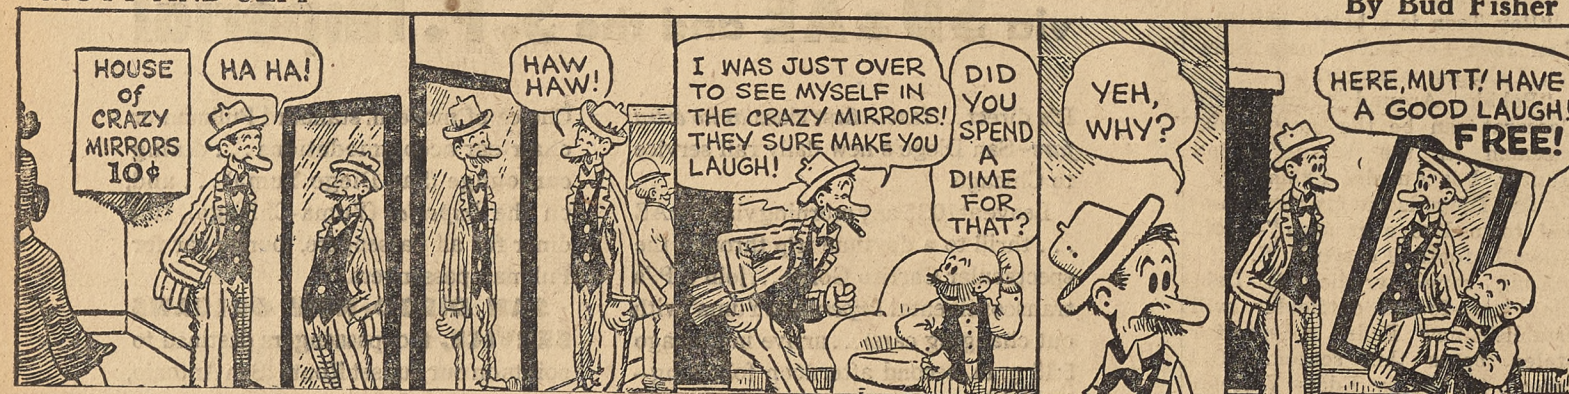

As one prominent foreign affairs analyst put the situation: unless aid to Greece is forthcoming, Greece will become a Communist state; Turkey would follow Greece; the Dardanelles would become a Russian canal; the Mediterranean, a Russian sea; Europe, a Russian citadel.

This evaluation states the case partly in terms of metaphor but the logic of the words is not altered by their graphic form. And logic guided the Senate in its 67 to 23 vote for the loan. The same compelling reasoning will no doubt prevail in the House, where passage of the loan bill is reportedly assured. The President's signature will complete the cycle.

After the die is cast, what then? The wisdom and restraint employed in expending the four hundred millions, to help Greece and Turkey work out their destiny free of Communist domination, will not only gauge the loan's usefulness, but will regulate history's verdict. Time, and time alone, will tell.

MUTT AND JEFF

NANCY

SEA BREEZES

Let's Laff
Maybe Think

A wise guy stopped a street bus the other morning.

Wise Guy: "Well, Noah, you've got here at last. Is the ark full?"

Bus Driver: "No, we need one more monkey. Come on in."

She: "Why, David, what is worrying you?"

He: "I was just wondering if Dad would see to the milkin' while we are on our honeymoon, supposin' you said yes, if I asked you."

A sign tacked to the bulletin board of a camp in the Pacific area reads: "Hats altered to fit any promotion."

According to Betty Co-ed there are two ways to turn a man's head... rattle money or rustle a skirt.

Landlady (in hall talking to girl roomer): "I thought I saw you talking to a gentleman in your room last night, Miss Perkins?"

Miss Perkins: "Yes, that's what I thought, too."

Mother: "Now, Evelyn, what did you do when that soldier kissed you last night?"

Daughter: "Well, when I wanted to scream, I couldn't; and then when I could, I didn't want to!"

Returned Soldier: "Yes, the blonde ran up to me, and threw her arms around me and kissed me. Can you imagine how I felt?"

Ditto Friend: "Sure I do. You felt to see if your purse was still in your pocket."

Oscar came to the city and got a job as janitor in a girls' boarding school, and was entrusted with a pass key to every room in the building.

The following week the dean ran across him.

Dean: "Why didn't you come around Saturday for your wages, Oscar?"

Oscar: "What! Do I get wages, too?"

Salesman: "Any brushes, ice, coal or vacuum cleaners today?"

Lady: "No, but come on in, I might think of something."

Voice from passing car: "Engine trouble?"

Voice from parked car: "Nope."

Voice from passing car: "Tire down?"

Voice from parked car: "Didn't have to."

Ardent Lover: "If you refuse to be mine, I'll hurl myself off that high cliff."

Girl: "Aw, that's a bluff."

ENTHUSIASTIC ABOUT R. JOESLER'S PLANS

The working plans and specifications for the construction of a new Saint Peter's-by-the-Sea Lutheran church, to be located at Sunset Cliffs Blvd. and 11th St., will be completed this week by the architect, Joseph J. Joesler, and will be given out to contractors for bids the first week. Bids will be opened 10:00 p. m. Monday, May 19, at Titlow Real Estate and Insurance office, and a special meeting of the church council will be held at the same place at that evening with the intention to award the contract at that time. The church lots have been conveyed and all preliminary arrangements are completed, so that the new church will be under way.

The Mission Bay Sportsmens club is fast taking on the shape of a real organization. Memberships are still coming in every week and they boast of nearly two hundred paid up members at this time. If you haven't already joined

Knowing Meat Cuts Valuable To Homemaker

Ability to identify the many cuts of beef, veal, pork and lamb is of practical value to every homemaker—to every food buyer. No less important is a knowledge of the cooking method or methods best suited to each cut, since meat must be cooked according to cut for best results.

Chart is a Guide

This chart will serve as a guide in selecting and cooking beef. The methods recommended were adopted following exhaustive meat cookery studies at state colleges and the United States Department of Agriculture.

In cooking meat, the degree of tenderness is the governing factor. Some of the cuts are tender and are prepared to best advantage by dry heat methods—roasting, broiling, panbroiling and frying. Others are less tender and must be cooked by moist heat—braising and simmering. Meat should never be boiled, say the authorities.

A rule of meat cookery found to be more important than any other is: "Always use low temperature." This applies no matter what cut is being prepared or what cooking method is being used.

Advantage of Low Heat

Thousands of carefully controlled tests have shown that from 15 to 20 per cent more meat is provided when it is cooked at low temperature. Furthermore, the meat is more tender, is juicier, more uniformly cooked and more flavorful.

In selecting meat cuts, it is important to remember that there is no difference in the nutritive value of the lean and fat of the less popular cuts and the more popular ones.

A LESSON IN BEEF CUTS

What They Look Like—How to Cook Them

NEWS IN BRIEF

Mrs. Gordon Lilly, president of St. Annes Circle of the Episcopal church, announces that the rummage sale, held in Wallace Hall last week, was a great success and she wishes to thank all those who donated to the sale.

Mr. and Mrs. Morris L. Marshall of 4612 Muir Ave. expect the arrival Saturday (tomorrow) of Mr. and Mrs. Wm. Pierik of Cleveland, Ohio. Mr. and Mrs. Pierik are former residents of Ocean Beach.

Annabel Foley of the Elms store, Monette Johnson of Krafts drug store, Mary Shadboldt of the Strand Radio store and Charles Rocco, who is a student at the San Diego vocational school, went horseback riding from the El Cajon stables last Sunday.

Ray Ashe, formerly of Voltaire St. in Ocean Beach, appeared with Les Brown's band at the Pacific Square Tuesday night. Mr. Ashe started playing with Les Brown's band shortly after closing an engagement with Gus Arnheim's band at Sherman's.

The Ocean Beach P.T.A. will be host to the San Diego Council of Parents and Teachers on Monday, May 5th from 10 a.m. until 12 p.m. The council meets every month in various schools and this week will meet here. Mrs. J. Hutchins, president of the council, will preside over the meeting. This is not a closed meeting and everyone is invited.

Mr. and Mrs. G. E. Born of 4642 Muir Ave. and their house guest, Mr. Born's brother, A. B. Born of Cleveland, Ohio, returned last Monday from a sight-seeing tour. They headed for the desert and stopped off to see Boulder Dam and to explore Death Valley. The reports on the trip were not too good, since rain and wind storms made it unpleasant.

Mr. and Mrs. W. H. Hood recently sold their home at 2236 Etiwanda St., to Mr. and Mrs. G. Fold. The Hoods have purchased a home on Cape May Ave.

A family luncheon was held in honor of the birthday of 9-year-old Jimmie Sibbett, son of Mr. and Mrs. J. E. Sibbett, 4776 Pescadero Saturday, April 19. Jimmie's grandmother, Mrs. J. C. Leonard, two aunts and uncles, Mr. and Mrs. Leo Leonard and Mr. and Mrs. Herbert Puppe, and Jimmie's younger brother, Danny, were present.

Child Health Day May First

Prevention of home accidents involving children will be the general theme of National Child Health Day to be observed May 1. Special effort will be made to arouse parents and others to the serious loss of life resulting from accidents, which annually take as many lives in the 1-to-14-year-old group as all diseases combined.

Impetus to the observance has been given by proclamations issued by President Truman and by the governors of various states.

In connection with the observance, child health authorities point out that to be healthy and learn to live a happy, useful life, a child should have—

The security of a family in which he shares in the love and affection of his parents and the family group.

A clean, well-ordered home and a room of his own, if possible.

Well-planned and adequate meals at regular times.

Plenty of sleep at night and an afternoon nap.

Enough clothes to keep him comfortable.

As much fresh air and sunshine as the weather permits.

Playmates and a place to play, indoors and out, and time to play.

A thorough examination by a physician at regular intervals.

A visit to the dentist every six months.

Inoculations against smallpox and diphtheria (and whooping cough and tetanus, too, if the doctor advises them).

Mr. and Mrs. Dan Moss of the Veda Moss Style shop, with Mr. and Mrs. Ed. McKenley (Mrs. McKenley is employed at the Style shop), plan to drive to Lake Henshaw Sunday on a fishing trip.

Victor S. Decker, a senior at Southern Methodist University, Dallas, Texas, will participate in the convention of the American Institute of Electrical Engineers next month in New Mexico. Mr. Decker is a son of Mr. and Mrs. P. S. Decker, 4928 Coronado Ave. He celebrated his 27th birthday on April 25 at the Lambda Chi Alpha fraternity house in Dallas.

'Ready Made' Continued

(From Page One)

ence. Macklin, Winkler, Wilson and Daniels, who comprised the quartet, rendered "I'll Never Smile Again" and several other popular songs. Following the second act Macklin did a specialty on commercials and then introduced Jack Tomkins for a solo. The audience participation was good, as gag-men Richard Ward and Art Roshon kept a by-play of jokes from stage to audience similar to the Olson and Johnson shows.

Stage manager was Harry Daniels; set built by William Goetz; advertisement, Dr. C. B. Reid; program, Robert E. Sharon; tickets, Ester Clark; engagements, Leda Roshon; electrician, Howard Baumgartner; publicity, Art Roshon; prompter, Marcella Daniels; usherettes, Mildred Strand, Carol Freet and Maizie Macklin.

Though slightly lengthy, the show was a very good amateur production and gives promise of even better ones to come. If you haven't seen "A Ready-Made Family" yet, do so.

Tickets may be obtained at the Ocean Beach News Office or at Wallace Hall, 2083 Sunset Cliffs Blvd., before the show. The curtain will open promptly at 8 p.m.

SERVICES HELD TUESDAY

FOR RICHARD H. THORNGRAN

Richard Hall Thorngren of 4537 Brighton Ave., passed away April 26, at his home. Mr. Thorngren had lived in Ocean Beach the past six years. He was born in Sweden and previously had been a machinist at the U.S. Naval Torpedo Base in Newport, Rhode Island, for 30 years. Upon retiring he came here with his family. He was a member of the BPOE No. 104 at Newport and was also a member of the Baptist church in Ocean Beach.

Last rites were held at the Beardsley Funeral home Tuesday, April 29, with Rev. P. O. Jensen officiating. Burial took place in the Glen Abbey Memorial cemetery. Mr. Thorngren is survived by his wife, Mrs. Harriet Thorngren; a daughter, Mrs. Irene T. Salesky of Ocean Beach; and two brothers, Harry and William Thorngren.

SERVICES FOR MRS. L. F. VAN HOLST HELD TUESDAY

Mrs. Laurel F. Van Holst, 38, of Marseid, California, died Saturday, April 26 at a hospital there. Mrs. Van Holst was a resident of Ocean Beach for ten years and moved to Marseid in 1946. Mr. Van Holst was employed with the Arden Dairy while living in Ocean Beach. She was born in Star Valley, Wyo. Services were held Tuesday, April 29, in Marseid and burial followed in the Marseid cemetery. Mrs. Van Holst is survived by her husband, Adrian Van Holst; two children, Joan and Virginia; her father and mother-in-law, Mr. and Mrs. G. Van Holst of 4916 Del Monte Ave.; and two brothers-in-law, Joe Van Holst and Stanley Brauchler of Ocean Beach. Mr. and Mrs. G. Van Holst, Joe Van Holst and S. Brauchler and their families attended the funeral.

SERVICES HELD TODAY

FOR MRS. ALTA PURPUS

Mrs. Alta May Purpus of 4535 Del Mar Ave., died Wednesday, April 30, in a local hospital. She was 66 years old. Mrs. Purpus was the mother of James C. and Orville C. Purpus, owners of the Purpus Realty Co. of San Diego. Mrs. Purpus was a native of Missouri and came here five years ago. She is survived by four other sons, four sisters and four brothers in other cities. Private services will be held Friday (today) in the Lewis Colonial Mortuary Chapel and burial will follow in the Greenwood Memorial Park.

MRS. YOUNG ACCOMPANIES GRANDSON TO LOS ANGELES

Mrs. J. C. Young and her grandson, "Scoop" Crawford, flew to Los Angeles Wednesday afternoon, where "Scoop" met the Elliott Roosevelt maid, who accompanied him by plane to New York City. In New York young Crawford will join his mother, Mrs. Elliott Roosevelt, who left here by plane last week after a visit with her mother, Mrs. Young. Mr. Roosevelt accompanied his wife on the visit.

Mrs. Young will visit with friends in Los Angeles and will return Monday.

National Music Week

An event anticipated each spring in more than 2,500 communities over the country is National Music Week, beginning always the first Sunday in May.

This year's observance will be the 24th annual, for Music Week was initiated on a synchronized basis in 1924, after having been held at different times in a number of cities for several years previously.

Offerings range from unrehearsed hymn sings in small rural clubs to a well-ordered, well-spaced series of events.

Letter to the Editor

(Editor's note: The following letter, written by Milt Plummer, will help our reader's to get a better idea of that somewhat mysterious and revolutionary new radio improvement, frequency modulation.)

FM is here. At least its here for an estimated 600 FM set owners. What is FM? FM stands for Frequency Modulation, a new type of radio wave. Your regular radio receives amplitude modulated (AM) signals between .550 and 1.750 megacycles (MGS). Your local FM broadcast station, KFMB—FM, broadcasts on a frequency many times as high, 100.5 MCS. to be exact. FM is the latest method of impressing speech or music on the broadcast station carrier wave so that the FM listener receives hi-fidelity entertainment which includes high and low notes not heard on AM.

FM reception is free from common static such as static caused by cloud electrical discharges or lightning. Since static is an AM type of disturbance, it is not received by the FM set.

FM is the type of hi-quality sound reception that is used with television reception.

As our local FM station is broadcasting on an experimental basis it is suggested that the critical observer be slow in forming a definite opinion of FM.

—Milt Plummer.

PTA TO MEET TUESDAY

Mrs. J. Hutchins, president of the San Diego Council of Parents and Teachers, will be a guest at the board meeting of the Ocean Beach Parent-Teachers Association, to be held Tuesday, May 6, at the home of Mrs. Ralph Follick, 4505 Santa Cruz, from 10 a.m. until 12 a.m.

ROYAL NEIGHBORS MEET

Christiana Hamill will be the guest speaker at the regular meeting of the Royal Neighbors Friday, May 2, (tonight) at 8 p.m., in the Woman's clubhouse. Mrs. Hamill is the state supervising deputy of California, Nevada and Arizona. Mrs. Ollie Naurer will be chairman in charge of refreshments.

DR. SAND RETURNS

Dr. Alfred Sand of the Sand-Oster Clinic, returned to work Thursday, May 1, after arriving from Los Angeles where he has been attending school the past two months. Dr. Sand has been taking a post graduate course in internal medicine there.
